

MADHU SHALINI DASARI

Hyderabad, Telangana | +91-8008609426 | shalinimadhu.d16@gmail.com | www.linkedin.com/in/madhu-shalini-dasari

PROFESSIONAL SUMMARY

B.Tech (Information Technology) graduate specializing in data analytics and NLP, with hands-on project experience building Python-based NLP and computer-vision systems. Skilled in SQL, Power BI, and data mining, with a track record of delivering academic projects end-to-end. Seeking entry-level roles in data analytics or IT.

SKILLS

Programming: Python, C, SQL

Data & Analytics: Data Analysis, Power BI, MS Excel, Data Mining, NLP Fundamentals

Technologies: NLP, Speech Recognition, OpenCV, MySQL

Tools: MS Office, MS Excel, Power BI

Soft Skills: Communication, Team Collaboration, Time Management

PROJECTS

NLP-Based Voice Assistant for Photography

Major Project

- Built a hands-free voice assistant using OpenAI Whisper for speech recognition and Hugging Face Transformers to interpret multi-step natural-language commands for camera control and photo editing.
- Integrated OpenCV for real-time scene detection and camera control, and PIL for AI-driven image edits (brightness adjustment, grayscale/black-and-white filter, background blur) triggered entirely by voice.
- Demonstrated end-to-end voice-to-action execution with on-screen confirmation of each completed command.

NLP-Based Voice Text Summarizer

Minor Project

- Built a voice-activated summarization pipeline using AssemblyAI for speech-to-text and BERT/TextRank-based NLP models to generate concise summaries from audio input.
- Condensed a 232-word spoken transcript into a 47-word summary (~80% reduction), validated on real audio samples.
- Built with Flask, NLTK, and spaCy; pipeline also produced a sentiment breakdown from the transcribed conversation.

PUBLICATIONS

Co-Author — “Intent Detection System for Handsfree Photography Using Natural Language Processing”

VoiceShutterbug system — co-authored with faculty guide and project team, VBIT.

Voice-activated summarization system — co-authored with faculty guide and project team, VBIT.

EDUCATION

B.Tech, Information Technology — Vignana Bharathi Institute of Technology, Hyderabad 2021 – 2025

- CGPA: 7.3

Intermediate (12th Class) — Sri Chaitanya Junior Kalasala, Hyderabad 2021

- Percentage: 86%

SSC (10th Class) — Vijaya High School, Hyderabad 2019

- CGPA: 9.3

CERTIFICATIONS

- AWS Cloud Foundations
- Data Analytics Essentials
- Data Mining
- Python Programming

PERSONAL DETAILS

Date of Birth: 16 August 2004 | Languages Known: Telugu, Hindi, English
